Country Cancer Quola Sel Åt \$650.00

County Co-Chairmen Announce Goal

The quota for Crawford County in the American Cancer Society's educational and fund-raising Crusade, which will run throughout April, has been 'set at \$650.00, Mrs. Harold Rasmussen and Mrs. Carl Johnson, local campaign chairmen, announced today. In 1955 the quota here was \$600.00, and \$940.18 actually was

\$600.00, and \$940.18 actually was raised. And last year the national goal was \$24,000,000, with some \$24,400,000 being contributed, while this year the total sought by the ACS is \$26,000,000.

"The goal is larger in 1956," the chairmen explained, "because of the rising over-all incidence of cancer in this country. This continues to be due largely to the fact that the span of human life has been considerably increased in recent decades. People are living longer, and thus reaching an age when cancer is most likely to strike them. when cancer is most likely strike them.

"Through the years since 1934 the national cancer death rate has gone up and up. In 1934 the number of such deaths per 100,000 population was 106; in 1940 it was 120; by 1947 it had risen to 132; and in 1952 the number was 143.

The rate 107 1953 was 145, and for 1954 the estimated rate was 147, with about 236,900 dying of cancer. East year the total is estimated at about 245,000.

"Saving of those 80,000 persons from cancer last year," the chairmen said, "resulted both from improved techniques in treatment and from early detection of malignant growths, brought about by increased public knowledge of cancer's seven danger signals and the tendency of more and more people to have periodic physical checkups. The Third Annual Trade Show The Third Annual Trade Show sponsored by the Grayling Womans Club will open in the new-Grayling High gymnasium at 1:00 p. m. this Friday afternoon for a two day stand as last year.
Well over 50 booths again will tax the huge capacity of the new gymnasium auditorium with lawish displays of just about avers.

yish displays of just about every kind of merchandise imaginable. Of course, just about all of the Graying merchants will have a booth with plenty of free treats, favors and in some cases valuable prizes. Others not having booths, are displaying advertising banners and offering door prizes. In addition to these, there will be a large number of other valuable door prizes.

Among the novel booths are included, a Grayling Winter Sports booth which will display what is being planned in the way of improvement for next season and memberships for the coming season will be on sale. It is a splendid opportunity to get behind this winter tourist attraction which aids the whole community. There will be a Conservation booth disaids the whole community. There will be a Conservation booth displaying pelts of all Michigan fur bearing animals. Conservation is one of the main projects of the Michigan Club women and for the children "Smokey the Bear" will again be on hand. The Boy Scout booth will display many items of handicraft on which the boys have been working.

Christian Civic League
Holds Monthly Meeting

The Grayling Christian Civic League met at the Michelson Memorial Church Monday night at 7:30 with seven members present. The business meeting was opened by Charles Holtcamp. Letters were read from Fr. John Breitenstein, Bev. Wayne Root and Rev. R. C. Puffer suggesting, purpose, rules, procedure for the constitution, which will be ratified at the May meeting.

A letter, requesting the P. T. A. to change their meeting night to the 4th Monday of each month, was read by the chairman. It is the council's wish that Wednesday in gift can be set aside for all church activities in the community.

Since 1934, the American Cancer Society points out, there has been a steady rise in the national cancer death rate. It is the second leading cause of death, taking the lives of one out of every six who die in the United States.

On the other hand, there are encouraging aspects of the fight.

encouraging aspects of the fight against cancer. Today, more than 10,000 women with cancer, who would have died a decade ago, ar. being saved each year because o' early detection and better treat-ment. Among men the mortality is somewhat lower than among

women.

According to Surgeon General
Leonard Scheele, one out of every
two cancers can now be cured.
Thanks to scientific advances: The most recent and dramatic of thes is an electronic scanning and computing device to speed up and simplify laboratory diagnosis of cancer cells.

a tremendous drain on the U. S. Treasury. The reason is that there are so many taxpayers in this group."

In any event, the staff of the Congressional Joint Committee on Internal Revenue Tayytion has pro-

Committee on Internal Revenue Taxation has pro- the snow. duced, for the Committee's information, 19 different plans for reducing individual income taxes. These plans are briefly described by U. S. News, and they illustrate the difference in basic attitude toward tax reluction as a principle—as well as the many variances n relatively minor detail.

One plan, for instance, would cut taxes by a flat 10 per cent — which would mean a \$52 reduction for a four-member family with a \$5,000 income, and \$5,191 at the \$100,000 level. Another would give \$20 cuts for each taxpayer and dependent—that is, identical reduceach taxpayer and dependent—that is, identical reductions no matter what the income bracket. Another would allow a \$500 minimum deduction—which would give \$3,000 families a \$40 cut, but would give nothing to those with \$5,000 or more. Another would cut all rates by two percent—and allow savings ranging from \$12 for the \$3,000 family to \$1,952 for the \$100,000 clerk of Grayling township in the family.

The most important plan, it would seem, is that which, according to U. S. News, will be favored by the Eisenhower Administration if it decides in favor of tax relief. It provides a returning to the pre-Korean tax November.

relief. It provides a returning to the pre-Korean tax November rates. Savings would be \$20 at the \$3,000 level; \$231 at \$10,000; \$792 at \$25,000, and \$6,269 at \$100,000. modest one. But a surplus of any kind takes The magazine says that "Mr. Eisenhower's top tax advisors have insisted that, when tax-cutting time comes, the nation should 'climb down the tax ladder the same way we came up'."

Roaming Dogs Harass Deer

State conservation officials are deeply concerned about dogs har-assing winter-weakened deer, but agree that only public help car save many whitetails from grue save many some death.

In late stages of winter, deer gather in swamps and low places to avoid storms. By late March, they are at their physical worst after four months of snow, scrubby food supplies and low temperatures. They are slow and easily caught and harnstrung by dogs. Any officer, acting within his jurisdiction, is permitted to "kill any dog pursuing, killing or fol-lowing upon the track of a deer." LEGION NEWS

At our social meeting, March 26th, Harold Long really went all out and put on a bang up lunch

for everyone.
Mr. Fred Bear, of Bear Archer. Mr. Fred Bear, of Bear Archery, Co., was kind enough to not only furnish a movie camera and films but also was on hand to operate it for those present. It was a very interesting, and beautiful film, done in color, showing parts of his hunting trip to Africa recently.

of his hunting trip to Africa recently.

Harold says that he will have another feed and something extra for our next social meeting, which will be on the fourth Monday of April. Our regular meeting will be on the second Monday of April. Remember those dates, second and fourth Mondays of each month, as right now, or from now on we have important things coming up and we want your voice and opinions on same. Lets hold these dates open whenever possible. If your dues are not paid up why not take care of it and then relax for the rest of the year.

We had 30 at our last social meeting and Harold says he was ready for more than that number, lets swamp him for the next one April 23rd.

By visitation in and observation of Mrs. Robertson's kindergarten I receive much helpful and needed background material about the children I have in my First Grade work. I know which children are ready for regular first grade reading, those that need more rediness material and reading experience. I know how to select the material to have on hand ready to use.

When beginning the reading program we have many pre-primers available. We look at the pictures and talk about the books. These experiences give a very good introduction to our families and the families in the books. Blackboard work gives an opportunity to watch eye movements and the left to right-procedure along the lines.

Often a large black crayon is used on large sheets of news print. We make up original stories from the many interests of the children. This is also a very good sharing experience. Manuscript printing is always used.

I keep a vocabulary and experience list. We refer to both of these often.

Early in the school year we start our "Helpers Club." Each child takes one of the tasks for one week. We change each Monday morning. Listed are the tasks of our club — Take care of library books, waste basket, host or

All-Truck Built to save you the BIG money!

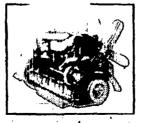

Come in and let us show you the different rated horsepower and usable horsepower.

You'll find it in the great new INTERNATIONALS we've got for you. Many passenger car type truck engines strain at the job of developing power to haul a normal load. The new Internationals develop plenty of power at lower, more economical rpm. That's power without strain, less wear, longer life, to save you the BIG money, the over-the-years operating and maintenance money.

Internationals, all of 'em, are all-truck built, with no passenger car engines or components asked to do a truck job. And that means a longer, more dependable truck life, to save you the BIG money.

Comfort? Practical good looks? Well, come on in and see for yourself. You'll soon see how you can save the BIG money on your job.
